

***Small businesses are counting on all of us –
let's show them how important they are to our economy.***

Feel confident when you shop this holiday season. You'll notice the following precautions being taken by local merchants:

- Plexiglass at the checkout counter.
- Signage reminding customers to maintain a six-foot cushion.
- Decals or markings on the floor to guide traffic flow and show six feet of separation.
- Hand sanitizers at entrances and on counters.
- Where possible, designated separate entrances and exits (i.e. enter in front, exit in back).
- When possible, products are wiped-down prior to handing purchases to customers or bagging and round-the-clock wipe-down schedules are in place for doors, counters, display and demo products.
